

### **Dr Miguel Murua**

*Dr Miguel Murua is an implant surgeon from Spain specialised in full-arch digital workflows, guided implant surgery, and minimally invasive bone regeneration. He is the co-developer, together with Dr Felix Wucherpfennig, of the patented Socket Extension Alveolar Lock protocol and has longstanding collaborations with MedicalFit and digital dental laboratories.*

*Dr Murua lectures internationally on digital workflows and regenerative implantology, including in the LASM Cancún and China Tour programs, and develops advanced training modules in guided surgery and digital treatment planning.*
