

Dr. Claudia Pinter

Specialist Orthodontist · Aligner Orthodontics · Airway-Focused Treatment

Dr. Claudia Pinter is an Austrian specialist orthodontist based in Vienna. Her clinical work focuses on orthodontics, particularly clear aligner treatment, functional treatment planning and airway-oriented orthodontics. She is internationally active as a lecturer and educator and combines clinical practice with teaching, research and professional education.

Education & Qualification

- Studied dentistry at Julius-Maximilians-Universität Würzburg and the Medical University of Vienna.
- Doctorate in Dentistry (Dr. med. dent.), Medical University of Vienna.
- Qualified orthodontist (Fachzahnärztin für Kieferorthopädie), Austrian Dental Chamber.
- Qualified Wahlkieferorthopädin through the Austrian Dental Chamber prior to the introduction of the specialist qualification in 2023.

Clinical Practice

- Orthodontic specialist at Praxis DDr. Six in Wels and in her own practice in Vienna.
- Clinical focus: clear aligner orthodontics, functional occlusion, development and positioning of the jaws, and airway-oriented treatment concepts.
- Particular interest in maxillary expansion and the relationship between orthodontic treatment, nasal breathing, sleep and overall health.

Teaching & International Activity

- Visiting Faculty, Nova Southeastern University, USA.
- Course Director of a Fellowship in Aligner Orthodontics.
- International lecturer at professional conferences and universities.
- Actively involved in continuing education and research in orthodontics and emerging treatment concepts.

Professional Organizations

- European Aligner Society (EAS).
- European Orthodontic Society (EOS).
- World Dentofacial Sleep Society (WDSS).
- Verband Österreichischer Kieferorthopäden.
- Austrian Dental Chamber.
