

GC Verti Prep Course

This intensive 2-day course is designed for clinicians eager to elevate their prosthodontic skills.

Explore key clinical indications, digital impression techniques, material selection, and cementation protocols to achieve predictable, high-quality results.

Experience a dynamic learning journey combining advanced theory, live demonstrations, hands-on exercises, Q&A sessions, and real clinical case discussions — perfectly blending scientific rigor with practical, ready-to-use skills for your daily practice.

DAY 1 – Monday - February 09th , 2026

08:45 **Welcome at the GC Europe Campus**

09:00 **Lecture**

Fundamentals of vertical tooth preparation (clinical indications, step-by-step procedure, temporalization)

10:30 **Coffee break**

11:00 **Demo & hands-on**

Vertipreps for full crowns in anterior and posterior areas

13:00 **Lunch**

13:45 **Lecture**

Selection of restorative materials for vertipreps

15:30 **Demo & hands-on**

Vertipreps for veneers and posterior partial restorations

17:00 **End of the day & departure to the hotel**

19:00 **Dinner at restaurant**

GC Verti Prep Course

This intensive 2-day course is designed for clinicians eager to elevate their prosthodontic skills: key clinical indications, digital impression techniques, material selection, and cementation protocols to achieve predictable, high-quality results.

DAY 2 – Tuesday - February 10th , 2026

08:45 **Welcome at the GC Europe Campus**

09:00 **Lecture**

Luting agents and adhesive strategies for vertipreps cementation

10:30 **Coffee break**

11:00 **Lecture**

IOS scanning strategies for vertipreps

IOS scanning of vertical and horizontal preparations for full crowns

12:00 **Demo**

IOS scanning of vertical and horizontal preparations for full crowns

13:00 **Lunch**

13:45 **Demo & hands-on**

Cementation of anterior and posterior full crowns with vertipreps

15:30 **Closing of the course and certificates**

16:00 **Departure**

MASTER TRAINING COURSE

Given by

Prof. Roberto Sorrentino

Dr. Roberto graduated with full marks and honors in Dentistry in 2002 at the University Federico II of Napoli.

- Master of Science and PhD in "Dental materials and their clinical applications" at the University of Siena in 2006.

- Associate Professor of Prosthodontics and Digital Dentistry at the University Federico II of Napoli. Qualified as Full Professor in 2017.

- Lecturer at several national and international Post-graduate and Master Courses in different Universities.

- Researcher, expert and consultant for national and international dental companies.

- Author of more than 220 publications in national and international peer-reviewed scientific journals and co-author of chapters of books on Prosthodontics.

- Reviewer of more than 30 international peer-reviewed scientific journals.

- Speaker at national and international meetings.

- Past President of the Membership and Recruitment Committee of the International Association for Dental Research (IADR). Founder and Certificate Member of the Italian Society of Prosthodontics and Oral Rehabilitation (SIPRO).

- Global expert 2019 in "crowns, dental prosthesis design, dental technology, dental prosthesis, prosthodontics".
